

STEP INSIDE the Victorian Railcar and you're transported back to 1910, the year this magnificent car was built. Originally a dining car, this piece of Smith & Barney history also served as a sleeper in the mid '20s, and was restored to its original grandeur in the fall of 2002. Every detail harks back to Victorian-era high society, providing an authentic dining car experience for railroaders and rail fans alike.

Today, the Victorian Railcar calls the circa 1896 Maxim's At The Oconomowoc Depot home, providing unique banquet facilities to Oconomowoc and the surrounding areas. The vintage 70' x 10' car has room to accommodate up to 42 people for gatherings quaint or festive. Catering may be accommodated in our historic depot.

MAXIM'S AT THE
OCONOMOWOC DEPOT
